Little Missouri River Commission to meet in October

The Little Missouri River Commission will meet in Dickinson on Wednesday, October 11 to discuss water management and development issues in the Little Missouri River Basin.

The meeting is scheduled to be held at the Ramada Grand Dakota Lodge in the Legends Hall at 532 15th Street West in Dickinson, ND from 3:00pm – 5:00pm MDT.

The Little Missouri River State Scenic River Act (Act) was created and passed in 1975 by the North Dakota Legislature. That same legislation also established the Little Missouri River Commission (LMRC) to administer the Act. LMRC membership, by statute, includes the Director of the North Dakota Parks and Recreation Department, the State Health Officer, the Chief Engineer of the State Water Commission, or their designated representatives; and one member each from McKenzie, Billings, Slope, Golden Valley, Dunn, and Bowman Counties.

The LRMC meeting on October 11th will host an election of officers and various other topics. Please see the attached agenda for more details.
